

Join Desk in Wood

Free-flowing in form, the award-winning **Join** desk seamlessly combines linear machined timber with soft curves. Subtle shadows created by the chamfered edge profile add visual depth, highlighting and celebrating the natural variations of the oak, ash and walnut profiles.

Available with oak accessories including sign-in and display areas, storage and magnet-based cable management; powder coated metal privacy screens and knee recess lined in hot rolled steel or powder-coated metal formed to follow the contours of the desk.

Key features

Easy to specify modular components

Three height options of 30", 37.5" and 43.5" as standard
